**Site introduction**

The environmental activities of JVC Vietnam Ltd have been represented through slogan: "JVC - SUPERIOR BRAND, FIRST-RATE QUALITY AND ENVIRONMENT FRIENDLINESS - FOR CUSTOMER SATISFACTION". According to the slogan, JVL have had activities to protect environment inside company as well as outside company. For JVL's inside environmental activities, we use lead free technical and we have established objectives, targets and programs to save energy, reduce chemical, decrease waste, increase recycle rate. For JVL's outside environmental activities, we have organized for dealers of JVC Vietnam Ltd to plant trees in Hue, Phan Thiet 2004.In next years, we will maintain the previous activities and establish new activities which associate to the public's environmental activities.

Environmental compliance administrator **Vu Hoang Chuong**

**FY2006 Environmental Activities**

In FY2006, we had organized for members of JVC Vietnam Ltd to plant trees in Hue City.  
 We reduce waste by cutting down defective on line; and reduce discharge by practising classification of recycle waste & not recycle waste.  
 We reduce using electricity by doing electricity saving program too. It's mean we indirectly reduce CO2 emission

**Products/Technology Information**

**GZ-MC500**

The GZ-MC500 creates sharp, vivid and pristine images by dedicating a 1.23 effective Megapixel CCD to each red, green and blue colour. JVC's advanced prism optics and filterless 3CCD pixel shift technology quadruple the pixel count to record

**LT 17S2**

Portable Design with Handle at the Top for Easy Carrying. High Resolution W-XGA (1280x768 pixels) LCD panel. Widescreen Picture Modes. Supplied with Tabletop Stand

**XV-N322S**

DVD Video Player with Progressive Scan (PAL/NTSC), Variable Speed Playback (w. Sound & Subtitles), Dragonpick ver 2.0, and Rocket Start

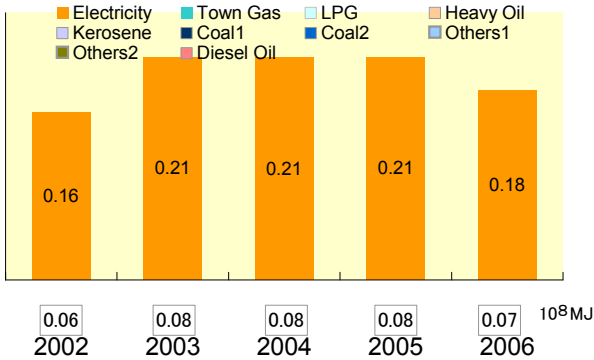

**DX-T9**

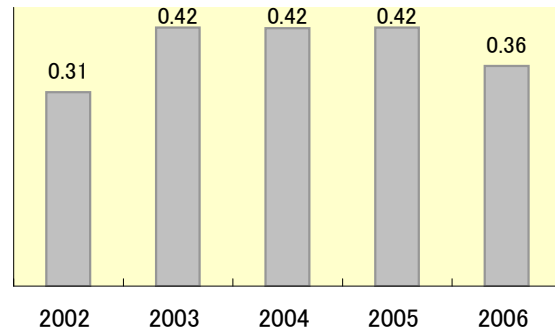

Multi-format 5-DVD Changer System with 12,000W P.M.P.O. ultra-high power and 5.1 - channel surround sound - featuring versatile functions for comprehensive home entertainment, including Karaoke Scoring Function

**Major Performance** Year displayed in graph ex) 2005: April 1, 2005 - March 31,2006

**Energy** Unit:1000kl

**CO2 Emmissions** Unit:1000t-CO2

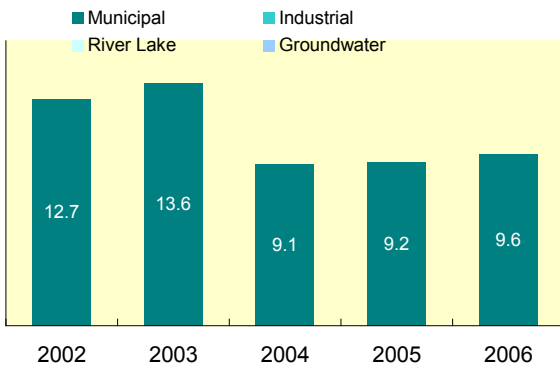

Energy consumption reduced 14.66% versus the previous year because production quantity reduced 5.9%. Besides, JVL staff are all fully aware and reminded of power saving

[Calculation standards]

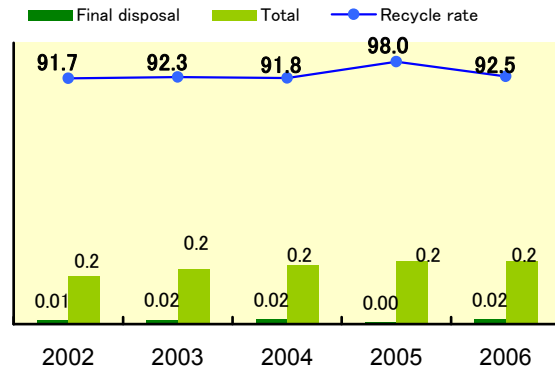

Input your calculation standards on the Input sheet!

**Water** Unit:1000m<sup>3</sup>

Water consumption increased 4.75% versus the previous year because the Government-run water supply system has problem with water quality. Accordingly, we have to let out unused a big volume of dirty water in October & December 2005

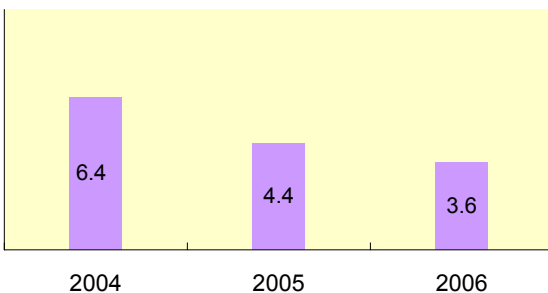

**Waste** Unit:1000t,%

Total of waste increased a little (0.6%) compared with the previous year but the recycle rate attained is only 92.5%. It is because JVL tightens its control of waste treatment and in August 2005, changes to new waste-treating sub-contractors whose capacity fully meet Vietnam's legal & other requirements

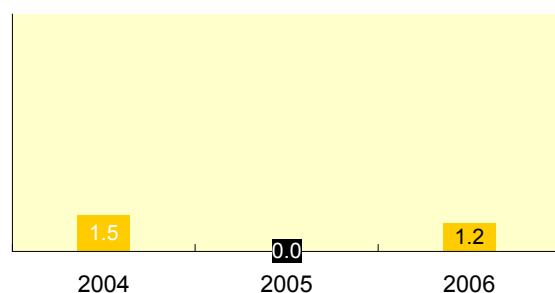

**Chemical substances** Unit: t

Released and Transferred

**Compliance (FY2006)**

	Number of violation	Situation and countermeasure
Air	0	
Water	0	
Odor	0	
Noise/Vibratic	0	
Others	0	

<Air pollutant measurement results>

	Unit	Facility name	Legal limit	voluntary limit	Maximum measured	Measuring frequency
SOx	Nm <sup>3</sup> /h	-				
NOx	ppm	-				
Particulate	g/Nm <sup>3</sup>	-				

<Water pollutant measurement results>

	Unit	Facility name	Legal limit	Voluntary limit	Maximum measured	Measuring frequency
COD	mg/l		100.000		20.000	once/year
BOD	mg/l		50.000		5.500	once/year
Nitrogen	mg/l		60.000		9.500	once/year
Phosphorus	mg/l		6.000		0.200	once/year

Noize and vibration

	Unit	Measurement time and area	Legal limit	voluntary limit	Maximum measured	Measuring frequency
Noize	dB	DT	85.000		74.000	once/year
		NT				
Vibration	dB	DT NA				
		NT				

\*Legal limit: The strictest value out of those specified by laws, ordinances or agreements.

\*NA(not applicable):The meaning when the facility is exempted from the regulation.

\*ND:The meaning when measured values are below the lower limit or no pollutants.

## **Policy**

“JVC - SUPERIOR BRAND, FIRST-RATE QUALITY AND ENVIRONMENT FRIENDLINESS - FOR CUSTOMER SATISFACTION”

JVL Top management commits:

1. JVL activities, products and services follow the above-mention motto and comply with relevant environmental legislation/regulations and other requirements as concerned
2. Establish, maintain, review/assess quality and environmental objects/targets
3. This policy includes a commitment to continual improvement of the QMS and EMS and prevention of pollution
4. This policy is documented, widely announced to all people interested in it and reviewed for continuing suitability. This policy is communicated to all JVL employees for their strict and proper application

**Environmental Communication**
